

MediTouch BL01 GER

Waterproof.

Luminous.

MediTouch BL01 – relaxed work even in the dark.

The MediTouch BL01 medical keyboard is ideally suited for areas with less brightness and dark environments such as operating rooms or x-ray workstations. The gradual backlight can be individually adapted to the given lighting conditions and can be switched off via a separate key if required. Relaxed work even in the dark.

Completely sealed, the silicone keyboard can be dipped in liquids (IP68). The Tru-Lock mechanism also allows cleaning during operation. The silent and smooth keystroke offers the user a convenient operation and excellent pressure point.

Benefits:

- › Gradual backlight
- › Fully sealed (IP68)
- › Disinfectable
- › Excellent tactile feedback
- › According to EN 60601-1-2
- › Silent – noiseless keystroke
