

Baaske BL01 medical keyboard

Baaske BL01 keyboard - relaxed work even in the dark.

The Baaske BL01 medical keyboard is ideally suited for areas with less brightness and dark environments such as operating rooms or x-ray workstations. The gradual backlight can be individually adapted to the given lighting conditions and can be switched off via a separate key if required. Relaxed work even in the dark.

Completely sealed, the silicone keyboard can be dipped in liquids (IP68). The Tru-Lock mechanism also allows cleaning during operation. The silent and smooth keystroke offers the user a convenient operation and excellent pressure point.

Benefits:

- Gradual backlight
- Fully sealed (IP68)
- Disinfectable
- Excellent tactile feedback
- According to EN 60601-1-2
- Silent - noiseless keystroke

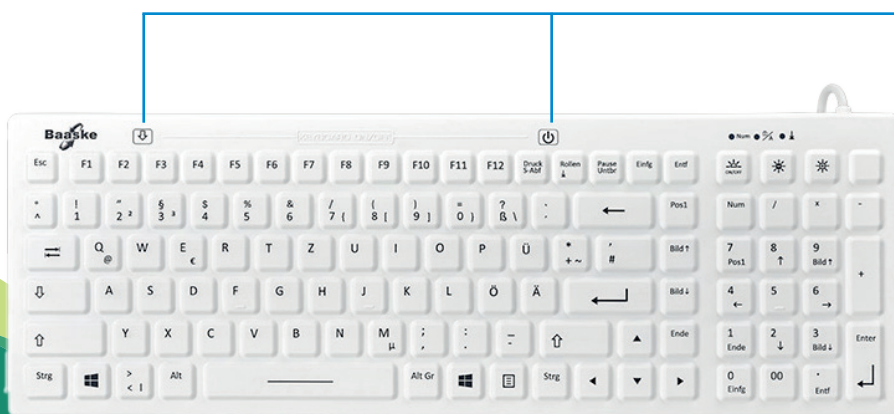

Baaske BL01 keyboard,
for sensitive areas where
hygiene is a must.

Baaske BL01
With backlight -
ideally suited for OR
or x-ray workstations
